SEA BIRDS SIGHTING REPORT

The Marine Biology and Ornithology Sections of La Société Guernesiaise and the Guernsey Biological Records Centre would appreciate your help in collecting records in order to build up a picture of how a variety of wildlife use our waters and how significant our seas are for them. If you sight any of the species below, please fill in this form and either send it to the Guernsey Biological Records Centre, Raymond Falla House, Longue Rue, St Martin, GY1 6AF or scan and email it to gsybiorec@cwgsy.net
